

ANTI-VIRUS

Why Our Clients Choose our Managed Anti-Virus Solution

Stand-alone Anti-Virus Software:

- Provides a point solution to specific issues.
- Requires manual monitoring and maintenance to remain current and effective.
- Relies on end-user decisions for operation.
- Does not provide consistent version control across desktops.
- Does not provide centralized management.

Managed Anti-Virus:

- Provides proactive and comprehensive security, monitoring, and management.
- Centralizes the deployment and updating of software to ensure coverage and consistency.
- Automates management processes to avoid errors and reduce costs.
- Leverages expert IT skills.

Keeping your business protected requires more than just off the shelf software.

Our Managed Anti-virus solution delivers enterprise-class protection, and is maintained 24/7 by our Network Operations Center, keeping your business secure while saving you money.
